The following dues options are available for new and renewing members. Because of high international postage and customs increases, we are including dues discounts to international members who would like to receive communications only through email. (A link will be emailed to download Guild PDF documents from a Dropbox. It is not necessary to join or download any software for Dropbox.) We encourage all members to consider e-mail communication. It is a way to save expenses for the Guild on postage and printing throughout the year.)

Please choose one of the following communications two options:

I would like all publications sent as Dropbox links I would like publications sent by U.S. Mail
